

Product Profile

Name:	BioBoost – Direct Fed Microbial
Description:	A source of live beneficial probiotic microorganisms and prebiotic compounds for use in animal nutrition.
Function:	<p>Probiotic microorganisms colonize the digestive tract and compete with pathogenic organisms by physical and biochemical means to create an unfavourable environment for their establishment.</p> <p>Prebiotic compounds provide nutritional support to the beneficial microflora in the gut and enhance the animal's natural immune response.</p> <p>This results in a healthy intestinal microflora which contributes to digestive stability, better health and improvements in feed efficiency and animal performance.</p>
Application:	<p>Cattle: Feed a regular dose of 5g per head per day or include in ration at 100g per tonne of TMR.</p> <p>Calves: Feed 5g per head per day or add 2.5 lbs per ton of milk replacer.</p> <p>Swine & Poultry: Top dress of mix with complete rations at 1-2 lbs per ton of feed. Consult your nutritionist for more detailed feeding instructions.</p>
Ingredients:	Saccharomyces cerevisiae and Lactobacillus acidophilus fermentation products, yeast extract, dextrose, calcium silicate.
Storage:	This product contains live microorganisms. It is recommended that this product is stored in a refrigerator prior to use. Otherwise store in a cool dry place in original packaging.
Shelf Life:	Use within one year from date of purchase
Packaging:	Available in units of 100 dose jar containing 500g 300 dose jar containing 1.5 kg 1200 dose pail containing 6.0 kg
Typical Analysis:	
Microbial:	Saccharomyces cerevisiae @ 2×10^9 cfu/g Lactobacillus acidophilus @ 2×10^8 cfu/g
Nutritional: (% D.M.)	Moisture content: 7.0 Ash: 3.0
Physical Characteristics:	
Color:	Light brown
Odor:	Yeasty
Texture:	Fine powder
Bulk Densities:	0.66 – 0.79 g/cc
Manufactured By:	Micron Bio-Systems Inc, 2329 Old Buena Vista Road, Buena Vista, VA 24416 ISO 9001:2008 Registered Company No. FM 514328 AFIA Safe Food/Safe Feed Certified Facility No. 50065-001
