

Product Profile

Name:	CanisPro^{AD} – Direct Fed Microbial
Description:	Probiotic supplement for adult and working dogs. A source of live beneficial probiotic microorganisms and prebiotic compounds to aid canine digestive health.
Function:	<p>Probiotic microorganisms colonize the digestive tract and compete with pathogenic organisms by physical and biochemical means to create an unfavourable environment for their establishment.</p> <p>Prebiotic compounds provide nutritional support to the beneficial microflora in the gut and enhance the animal's natural immune response.</p> <p>Immuno-glucan components enhance the animal's immune response to pathogens. This results in a healthy intestinal microflora which contributes to digestive stability, better health and improvements in feed efficiency and animal performance.</p>
Application:	For routine usage give one dose of 10g per animal per day by mixing in with regular feed. For compromised, recovering and underweight animals give one 10g dose twice per day in separate feedings, preferably at equal intervals in the day.
Ingredients:	Saccharomyces cerevisiae and Lactobacillus acidophilus fermentation products, yeast extract, inulin, beta-glucan, dextrose, flavor, calcium silicate.
Storage:	This product contains live microorganisms. It is recommended that this product is stored in a refrigerator prior to use. Otherwise store in a cool dry place in original packaging.
Shelf Life:	Use within one year from date of purchase
Packaging:	Available in units of: 300g jar containing 30 individual doses.
Typical Analysis:	
Microbial:	Saccharomyces cerevisiae @ 1.5×10^9 cfu/g Lactobacillus acidophilus @ 1.5×10^8 cfu/g
Nutritional:	Moisture Content: 7.0
(% D.M.)	Ash: 4.0
Physical Characteristics:	
Color:	Light brown
Odor:	Yeasty
Texture:	Powder
Bulk Densities:	0.65 – 0.75 g/cc
Manufactured By:	Micron Bio-Systems Inc, 2329 Old Buena Vista Road, Buena Vista, VA 24416 ISO 9001:2008 Registered Company No. FM 514328 AFIA Safe Food/Safe Feed Certified Facility No. 50065-001
