

Product Profile

Name:	EnviroVac-D – Bedding Inoculant
Description:	A biological treatment for animal bedding to improve the environment in animal housing cubicles.
Function:	EnviroVac-D contains a unique formulation of naturally occurring bacteria and enzymes that degrade the organic wastes and odours produced in intensive animal housing situations. The treated bedding produces an environment less conducive to the growth and survival of pathogenic organisms and with improved air quality.
Application:	Distribute 0.5kg of EnviroVac-D evenly per 1000 square feet of bedding surface using a broadcast spreader applicator. Smaller areas can be effectively treated by distributing EnviroVac-D by hand. <u>Poultry:</u> For optimum results apply EnviroVac-D to fresh litter following house cleaning and prior to filling with birds. Allow at least 24 hours after all disinfectants and bio-security chemicals have been used before applying EnviroVac-D . <u>Cattle, Sheep & Goats:</u> Can be applied to bedding materials such as straw, shavings and sand or directly onto mats or mattresses. Reapply EnviroVac-D when new bedding is applied or at least weekly in deep bed systems. <u>Horses:</u> Apply immediately after stripping stalls or just prior to re-bedding. Allow at least 24 hours before applying EnviroVac-D if disinfectants and bio-security chemicals are used.
Ingredients:	Bacillus subtilis, Bacillus licheniformis and Bacillus amyloliquefaciens fermentation products; cellulose, xylanase, amylase, protease and lipase; dextrose, sodium aluminosilicate, calcium silicate.
Storage:	This product contains live microorganisms. Store in a cool dry place in original packaging.
Shelf Life:	Use within one year from date of purchase
Packaging:	Available in units of: 10 kg bucket
Typical Analysis:	
Microbial:	Bacillus spp @ 1 x 10 ⁸ cfu/g
Nutritional: (% D.M.)	N/A
Physical Characteristics:	
Color:	Grey -Brown
Odor:	Neutral
Texture:	Granular
Manufactured By:	Micron Bio-Systems Inc, 2329 Old Buena Vista Road, Buena Vista, VA 24416 ISO 9001:2008 Registered Company No. FM 514328 AFIA Safe Food/Safe Feed Certified Facility No. 50065-001
