

Product Profile

Name:	FerMos – Mannan Oligosaccharide
Description:	A source of mannan oligosaccharides derived from the fermentation of <i>Saccharomyces cerevisiae</i> .
Function:	Oligosaccharides are natural sugar complexes which cannot be metabolized by normal digestive enzymes and can serve as substrates for the growth of specific beneficial bacteria in the gut. Stimulation of this microflora helps to prevent the establishment of pathogens resulting in a more stable intestinal flora with better nutrient absorption and conversion.
Application:	FerMos is heat stable and can be incorporated into all forms of finished feed without any loss of activity. It is efficacious in all animal species when applied at 1 to 2 kg per ton of finished feed. Calves: 2 kg /T Dairy Cows: 1 kg/T Prestarter & Starter Pigs: 2 kg/T Grower & Finisher Pigs: 1 kg/T Broilers & Layers: 1 kg/T Aquaculture: 2 kg/T Companion Pet: 2 kg/T
Ingredients:	Dried <i>Saccharomyces cerevisiae</i> fermentation extract, dried distillers fermentation grains and solubles, sodium aluminosilicate.
Storage:	Store in a cool dry place in original packaging. Keep away from sources of moisture.
Shelf Life:	Use within two years from the date of purchase.
Packaging:	Available in units of: 25 kg bags
Typical Analysis:	
Microbial:	N/A
Nutritional:	
(% D.M.)	Moisture Content: 7.0 Gluco-mannan: 45.0 Crude Protein: 37.0 Crude Fat: 1.0 Crude Fiber: 5.0 Ash: 4.0
Physical Characteristics:	
Color:	Brown
Odor:	Yeast
Texture:	Fine Powder
Bulk Densities:	0.52 – 0.70 g/cc
Manufactured By:	Micron Bio-Systems Inc, 2329 Old Buena Vista Road, Buena Vista, VA 24416 ISO 9001:2008 Registered Company No. FM 514328 AFIA Safe Food/Safe Feed Certified Facility No. 50065-001
